

ISRAEL TRIP SEMINAR

SATURDAY, OCTOBER 1ST, 2011

BETHLEHEM, THE BIRTH OF YESHUA, AND THE SHEPHERD'S FIELDS

**LOCATION: WINNEBAGO COUNTY MEDICAL SOCIETY BUILDING
6991 REDANSA DR. Rockford, Illinois
NEAR PERRYVILLE/NEWBURG INTERSECTION**

TIME: 3:30 PM - 6:00 PM

COST: FREE

About every 6-8 weeks the group that went to Israel in December 2010 meets to keep Israel alive in their hearts. This is our fourth meeting and we discuss all the places we visited while in Israel on a much deeper level - Biblically, historically, through pictures and video. We also use this setting to invite family and friends who may be interested in going to Israel on the next trip later in 2012. In addition, we also invite those who are not planning to go to Israel, but who love the Land of the Bible and just want to study with us. We offer a time of questions and answers about the presentation as well as any details desired about traveling to Israel.

We work with a unique foundation in Israel who are the cutting-edge of the latest archeological finds. We go to places not even yet open to the public and go deep underground at some sites. On some trips we offer hands on help in sifting dirt at the sites, etc. Our mission is to teach the truth about the Land of Israel and to make the Scriptures come alive at the very deepest levels of the human soul.

At this particular seminar we will be sharing about the REAL Biblical Bethlehem where our Lord Yeshua was born. You may have heard of modern Bethlehem controlled by the Palestinians today, and may have even seen pictures of the Church of Nativity located there. However, is this the real site of the infant Yeshua's birth? What and Where is Bethlehem Ephratah? Can we know for sure? Is the manger that Miriam placed Him in still in existence? What does the place of Yeshua's birth have in common with King David, Ruth, and Boaz? We will attempt to answer these intriguing questions as truthful as we can in this two-part series with the second session probably coming in December 2011.

We hope you can attend this seminar. All who attend will receive a free DVD of the previous powerpoint/audio presentation held in August and can sign up on the email to keep updated.

Sincerely,

Rick Deadmond
